## Rheuma Goes No Return Feared

Rheuma Cleans the Uric Acid From the System and Purifies the Blood.

If all other remedies have failed to bring relief from Rheumatism, do not be skeptical about trying RHEUMA, the wonderful treatment for all forms of the disease which is sold by The Lee & Osgood Co. at 50 cents a bottle. You will know in a few hours after beginning the treatment that the poisonous Uric Acid is leaving your system through the natural channels. Do not think because RHEUMA is sold for such a small price that it will not bring you back to health. There is no guess work about it. RHEUMA is better than most remedies at ten times the price.  
"One year ago I had a most severe attack of Rheumatism lasting over nine weeks. Two bottles of RHEUMA cured me so completely I have never had the slightest return of the disease. We have a friend, an old lady, living here, who had Rheumatism for more than a year, and she has been cured. Her joints were all stiffened and swollen, and she had previously tried everything for Rheumatism she had ever heard of."—George M. Ross, 308 N. Warren Ave., Saginaw, Mich.

Mrs. W. H. Tift has been notified of the death of her brother, Dwight B. Olin, who died very suddenly at Fresno, California, on Oct. 30. He was driving an automobile and as it stopped he collapsed over the steering wheel and died instantly. An autopsy showed that the cause of death was a rupture of the right ventricle of the heart.

Mr. Olin was born in Lisbon, Dec. 14, 1843, the son of Jemima Rathbun and Eliza Olin. He and his brother, Horace, were in charge of the store which stood where the Congregational parsonage now is situated. Twenty years ago he went to San Fernando, California, where he lived for five years. He was twice married, his first wife being Addie Geer, a sister of Samuel Geer of Griswold. There were three sons by this marriage, Charles L., who died, Samuel G., and Dennis R. Olin both now of Kern City, California. His second wife was Mary M. Polkinghorn, whom he married in Barre, Mass. ### BALTIC.

**Fine New Steel Bridge Opened to Travel—Great Improvement on Old Lord's Bridge of 68 Years Ago—Road Teamsters and Laborers Strike for Higher Wages.**

The new steel bridge over the She-tucket river was opened for public use Monday. There are still a few minor things to be done, but the main work is done. The bridge is an excellent one, built in the most modern style, with reinforced concrete floors on the sidewalk and main passageway. On the north side of the bridge there is a plate bearing the name of the company who constructed the bridge, the year of its construction and the names of the selectmen of the town.

The first bridge known to have been constructed over the river at this point was built about 68 years ago by the people of the towns of Franklin and Lebanon, for the town of Sprague was not incorporated until a later date. This first bridge was but a crude affair, built by the farmers of the towns from logs hewn from chestnut saplings. It was only 20 feet in length, as there was but a small stream there then. This first structure was called Lord's bridge, being named from Samuel Lord, who lived near it in a farmhouse where the Stevens house now stands. This bridge was swept away about 1860 by a terrible freshet which did much damage to the territory along the banks of the stream.

There was a lengthy discussion between the two towns over the plans for a new bridge, but at last it was decided to build a frame bridge. It was then thought to be a modern style, although it could hardly be called modern now. When the big mill dam was built the bridge had to be added to several times, on account of the increase in the size of the river. The 1813 bridge is a giant in comparison with the meagre one built by the sturdy farmers of Franklin and Lebanon so many years ago.

**Teamsters and Laborers Strike.**
